Mobile Cart Information

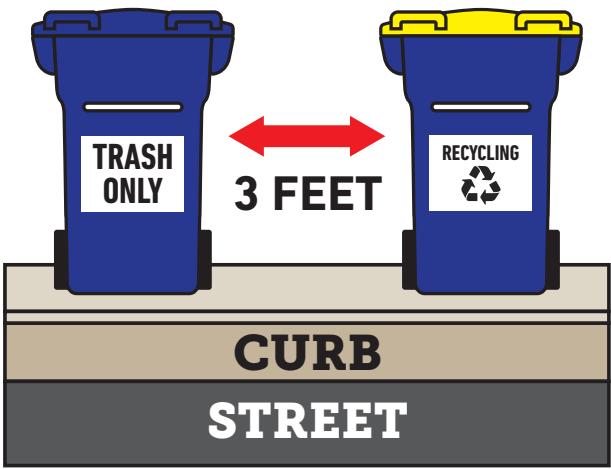

Penn Waste will be collecting trash and recycling exclusively from mobile carts under this contract. All material must fit inside the mobile cart to be collected with your weekly service. Mobile cart usage is mandatory under this contract.

Residents will receive (1) 96-gallon trash cart and (1) 64-gallon recycle cart. Cart delivery will start the beginning of December and will complete by the start of the new contract. You should begin using your mobile carts at the beginning of January to prepare for your first collection on January 6th.

Proper Cart Placement

Please be advised that all mobile carts should be placed behind the curb. There should be nothing placed in the roadway that would impede or delay the removal of snow or ice from the road.

- Here are some tips to ensure a smooth collection process:
- ◆ Set mobile cart out the evening before pickup day.
  - ◆ Place mobile cart with the lid handle and wheels pointing toward your residence.
  - ◆ Do not place cart in the roadway.
  - ◆ Do not block walkways with carts.
  - ◆ Place carts at least THREE FEET APART from each other and mailboxes, fire hydrants, low hanging trees or shrubs, parked cars, or utility poles - so trucks can easily access the cart.
