### Important Solid Waste and Recycling Collection Information for Susquehanna Township for 2026

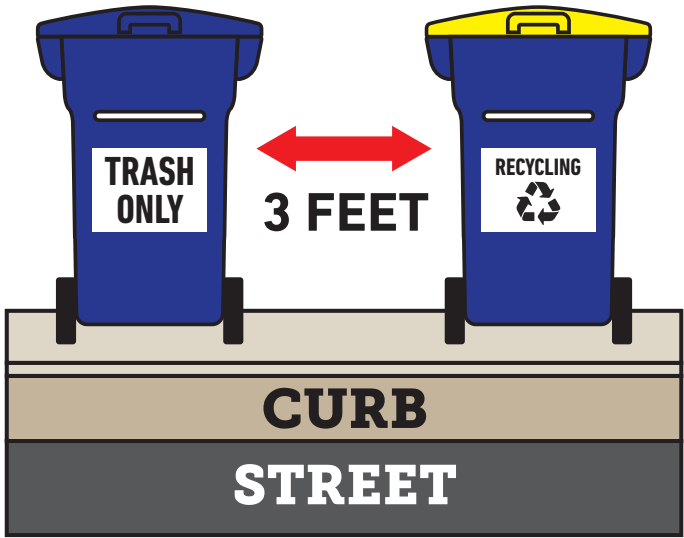

**IMPORTANT SERVICE UPDATE:** Penn Waste will begin distributing mobile carts for trash to Susquehanna Township residents the week of December 1st and anticipates completion of deliveries by December 15th.  
*SEE FRONT PAGE FOR MORE INFORMATION ABOUT MOBILE CART SERVICE COMING SOON!*

### Proper Cart Placement

Please be advised that all mobile carts should be placed behind the curb. There should be nothing placed in the roadway that would impede or delay the removal of snow or ice from the road. The garbage truck arm has the ability to reach past the curb in order to pick up your carts.

Here are some tips to ensure a smooth collection process:

- ◆ Set mobile cart out the evening before pickup day.
- ◆ Place mobile cart with the lid handle and wheels facing toward your residence – lid opening toward the road.
- ◆ Do not place cart in the roadway.
- ◆ Do not block walkways with carts.
- ◆ Place carts at least THREE FEET APART from each other, mailboxes, low hanging trees and shrubs, parked cars, fire hydrants, utility poles and stationary objects – so trucks can easily access the carts.
