

TRASH & RECYCLING

GARBAGE COLLECTION

Household garbage should be disposed of in the grey curbside container. It is picked up once a week by Waste Connections. Waste Connections utilizes fully automated curbside waste collection, so please follow the guidelines outlined below when curbing your roll-out.

- Place your containers curbside by 6:00am on your collection day. Please leave space between the carts of 3 feet.
- Leave 2 feet between the container and a stationary object such as a mailbox.
- Bag your trash. Trash that is not bagged can end up on the ground and in yards- Keep your neighborhood beautiful.
- Place your roll-out container within 4 feet of the road. Do not place the roll-out next to your mailbox.
- Make sure it is clear of trees and overhanging limbs.
- Make sure the wheels of your roll-out are away from the road (the lid of the trash can should be facing the street).
- Make sure your lid is no more than 12 inches above the rim.
- Excess trash should not be placed on top of the can or around it. We will only dump trash that is within your can.
 - If you have additional bags of trash for pick-up, you may contact our office to arrange for bulk pick-up. Please be advised there may be a fee associated with this service.

NON-COMPLIANT TRASH

Household garbage that does not meet the above criteria will be deemed non-compliant. If the resident makes household garbage conform, it will be collected at the next regularly scheduled pick-up.

RECYCLING

Recycling is collected once every two weeks by Waste Connections on the same day as trash collection. Recycling should be curbside in the designated blue container by 6:00 a.m. on your collection day. The method of collection is single-stream, so all recyclable items can be placed into your 96 gallon cart.

RECYCLING GUIDELINES

- Do not bag up recyclables.
- Please leave space between all curbside containers of 3 feet. Leave 2 feet between a container and stationary object such as a mailbox.
- Do not put household bulk trash into your recycling container. Just because it fits, does not mean it belongs there. You can have bulk trash picked up by arranging a bulk pick-up. This service is offered to our customers on a fee per item basis.
- Rinse food and residue from your recyclables.
- Make sure your container lid is completely shut when placing it curbside.
- Only place items designated for recycling into your curbside containers. Please do not place plastic bags or wraps in your container.
- Do not put electronics or batteries in your curbside containers.

RECYCLING SCHEDULE

Recycling is collected once every two weeks. A residence is either collected on "A week" or "B week." Learn when recycling is collected at your residence being serviced.
