

LRI Transfer Station Safety Policy and Procedures

“Safety Driven”

LRI is not responsible for damage to customer’s vehicle and/or equipment due to customer’s negligence, failure to follow site rules, or from the hazards associated with debris or road hazards. LRI reserves the right to deny access to anyone who violates site rules or otherwise creates a safety concern.

Transfer Stations are active construction zones.

Entry to the facility and disposal of garbage is at the customer’s own risk.

If you have or observe an emergency, call 9-1-1 and notify transfer station employees immediately.

The Hidden Valley location consists of the Scale House, administrative office, maintenance facility, the Transfer Station, Household Hazardous Waste area, Recycling Facility, Leachate Treatment Facility and Compost Facility. If you are unsure of where to dump your garbage, ask an employee for assistance. LRI assumes no liability for bodily injury, personal injury, or property damage.

GENERAL

- Safety first!
- Anyone behaving in an unsafe manner will be asked to stop or leave the facility
- Unauthorized access is not permitted, all customers must stop at the scale house to weigh-in and receive instructions
- All loads are subject to inspection
- Scavenging is prohibited

DRIVING

- Obey all posted traffic signs and speed limits
- All vehicles must stop at scale house for instruction
- All vehicles must yield to operating machinery and pedestrians
- Transfer Station equipment operators have the right of way at the facility
- All vehicle closing, latching, cleaning out, covering and/or uncovering loads must occur in designated areas
- Customer vehicles must keep a 15-foot minimum distance from heavy equipment
- LRI employees are prohibited from assisting or repairing inoperable vehicles

WASTE DISPOSAL

- All loads entering the facility must be covered to prevent litter
- Customers may only dump in areas as directed by LRI employees
- Certain waste may only be dumped in specific areas – follow the signs or ask
- Ask or see our website for information about specific waste protocols
- All solid waste shall be transported in appropriate vehicles that are able to secure their contents to prevent waste from falling, leaking, and spilling
- No tying-off material and driving off to unload
- Restricted materials shall not be disposed of in any portion of the facility
- LRI employees are prohibited from assisting with the unloading process
- LRI reserves the right to reject any load

PEOPLE

- All persons and vehicles entering the facility do so at their own risk
- Stay Alert + Pay Attention + Avoid Distraction + Use Caution = Stay Safe
- Except for emergencies, the use of cell phones is prohibited while at the facility
- No smoking
- All people not involved in unloading of garbage must remain inside the vehicle at all times
