E-WASTE – ELECTRONICS RECYCLING PROGRAM

What is E-Waste?

E-Waste is just about anything electricity runs through. E-waste is a popular, informal name for electronic products nearing the end of their "useful life". Computers, televisions, and other items listed below are common electronic products. Many of these products can be reused, refurbished, or recycled. Unfortunately, electronic discards is one of the fastest growing segments of our nation's waste stream. Many components or electronic equipment – including metals, plastic and glass – can be reused or recycled, while others may present environmental hazards if not managed correctly. It is our goal at LRI to manage this ever increasing waste efficiently and effectively.

USED OIL RECYCLING PROGRAM

- Use a **clean** container for draining oil from your vehicle, boat or lawn mower. **HINT:** Use a reusable container (5 gallon maximum) with a good lid.
- Puncture and drain oil filters for 24 hours before throwing them in the garbage.
- **Never** mix oil with any other substance. Take solvents, gas, brake fluid, antifreeze, etc. to the Household Hazardous Waste site at the Tacoma Landfill. You may reach them at 253-591-5418.
- Oil containers must be recycled, reused or disposed of properly. Garbage rates will apply to the disposal of oil containers.
- Oil must be in a transferable container.
- Disposal limit is five (5) gallons per trip.
- LRI will accept used oil at the following locations, free of charge:

Purdy Transfer Center • 14515 54th Avenue NW • Gig Harbor

Hidden Valley Transfer Station • 17925 Meridian Street East • Puyallup

RECYCLING

Recycling provides a good feedstock of materials to mills for making new products. For this reason, all recyclables must be clean and sorted as outlined below. Contaminated or unsorted materials will be thrown away instead of recycled, so it is up to you to make sure that what you put in the recycling boxes is really ready to be recycled.

PLEASE, PLASTIC BAGS ARE NOT ACCEPTED

<p>Cardboard Corrugated cardboard and brown paper bags only. Please no waxed or plastic coated cardboard, packing paper, Styrofoam or other non-cardboard items. Please save space by flattening all boxes.</p>	<p>Newspaper Anything that comes with your newspaper is okay, including fliers. Please, no junk mail, office or school papers. Please remove all paper sacks, plastic bags and twine before dumping.</p>	<p>Magazines Slick, glossy magazines, catalogs, phone books and TV guides only. No bound books or paperbacks. Please remove all paper sacks and plastic bags before dumping.</p>	<p>Mixed Paper Junk mail, office and school papers are okay. Please no plastic or carbon paper, plastic ties, Styrofoam cups or plastic coated containers.</p>	<p>Glass Bottles and Jars Glass bottles and jars only. Please rinse, remove lids and place separately by color into bins. Paper labels are okay. The following items are contaminants which can ruin an entire load of glass: window glass, ceramics of any kind, Pyrex or oven proof glass, mirrors, light bulbs, paper or plastic bags, dishes, drinking glasses and vases. Please throw such items away.</p>
<p>Aluminum Cans Please rinse and flatten. No bags, foil, hangers or pie tins please.</p>	<p>Tin Cans Please rinse out all food wastes and flatten. Please no gas or paint cans.</p>	<p style="text-align: center;">Plastic Recycling</p> <p>We accept plastic bottles. Containers should have a base that is larger than the neck/opening of the container. For example, 2 liter soda bottles, milk jugs, laundry detergent bottles, etc. We do not collect things like yogurt containers, margarine or cool whip tubs, and the like. No plastic bags. The one exception to the bottle rule is we do not accept the smaller containers like aspirin, vitamin or pill bottles.</p>
